

Where are the other nine?

Luke 17:11-19

Read Luke 17:11-19.

It wasn't unusual for lepers to be living together because they were outcasts and had little to no community. Talk about a time where you felt like an **outcast** due to your conviction and or your relationship with Jesus.

The lepers call on Jesus with the words, "Jesus, Master,". What **names of God** do you use when interacting with Him?

Define **mercy**. Where do you see God's mercy in your life? Do you ask God for mercy and in what scenarios?

They called on Jesus **together**. Talk about your experience with praying with others.

What are your thoughts around the command by Jesus to **"go" and their being cleansed as they went?**

One leper returned and praised God in a **"loud voice"**. How and when do you communicate your gratitude to God? How loud do you get?

What does it show that **only one** of the ten returned? Are you more like the one or the other nine?

What would you like to thank God for today?
